

# PROJECT MANAGEMENT CHALLENGE 2006

## *Third Annual NASA Project Management Conference*

### BIOGRAPHY

**Mr. Gary C. Humphreys**  
***President and CEO***  
**Humphreys & Associates, Inc.**

#### **Biography:**

Gary Humphreys has been a consultant to industry for more than 30 years, providing technical support and training in project management to over 600 national and international clients. Mr. Humphreys has served as Chairman of the NDIA Program Management Systems Subcommittee, President and Chairman of the Board of the Project Management Association (PMA) which is now PMI's College of Performance Management (CPM), and Leader of the Total Quality Management Process Action Team for streamlining EVMS-compliant system descriptions. As a contributing member of the Integrated Program Management Initiative Joint Team, he received the DoD's highest acquisition award, the 1998 David Packard Excellence in Acquisition Award. Mr. Humphreys has been a keynote speaker on performance measurement related subjects at SCEA Annual Conferences, the Defense Systems Management College, Air Force Institute of Technology, American Association of Cost Engineers, Project Management Institute, and numerous CPM National and International Chapter meetings.
